

May 7, 2026

The Honorable Wes Moore
Governor of Maryland
100 State Circle
Annapolis, Maryland 21401

Dear Governor Moore,

We write to respectfully urge you to sign HB 107 and SB 366 into law. These bills establish a statewide Intelligent Speed Assistance (ISA) pilot program that will help make Maryland’s roads safer and prevent serious injuries and fatalities caused by excessive speeding.

The legislation passed by the General Assembly reflects a strong commitment to public safety and innovative solutions. ISA technology has the potential to reduce dangerous driving behavior and save lives across our state.

We appreciate your leadership on roadway safety and respectfully ask that you take this important step to save lives. Signing HB 107 and SB 366 into law will help protect Maryland residents and create safer communities for all who use our roads.

Thank you for your consideration.

Sincerely,

Ragina Ali, Public and Government Affairs Manager, AAA
